

SpringBoard Online Administrator Workshop E-learning Modules

Self-paced, immersive modules that:

- Include direct implementation support and resources.
- Have a variety of activities that work for individuals or groups.
- Orient you to the print and digital teacher and student materials.
- Take about 3–4 hours to complete depending on individual pacing.

What's available?

You have **access to every module** on SpringBoard® Digital Professional Learning. These **modules are designed to work flexibly with your needs**. Complete them in the sequence listed to have a cohesive, foundational learning experience that introduces you to SpringBoard, or complete the modules on certain topics as a refresher.

Administrator Modules

Title	Description
Program Foundations	Get the big picture of SpringBoard. Understand the program's approach to teaching and learning.
SpringBoard 101	Review the content and tools available to teachers and students by using the book walk and overview of the SpringBoard Digital Platform.
SpringBoard in the Classroom	Watch a classroom video to analyze how SpringBoard materials are used to engage students in meaningful, collaborative learning. Identify what administrators can look for in classrooms.
Expectations and Structures	Plan for next steps by establishing your own expectations and structures to support teaching and learning in your building or district.

Access the E-learning Modules

Follow the steps below to access your e-learning modules:

1. Log in to SpringBoard Digital.
2. Select **Professional Learning**.
3. Select **E-Learning Modules**.
4. Find the SpringBoard Administrator section. Select **Launch**.
