

Virtual Professional Learning Quick Hits Guide

SpringBoard Purposeful Planning for Various Settings

In this virtual workshop, participants meet with a SpringBoard National Faculty member over the course of two classes. They will practice how to engage students with critical content using SpringBoard Digital and plan SpringBoard lessons for their current instructional setting -- distance, hybrid, or in-person learning.

Virtual Class 1: Engaging Learners 2.5 hours	Virtual Class 2: Prioritizing & Planning Lessons 2.5 hours
In class one, participants will: <ul style="list-style-type: none">engage in interactive modeling of a SpringBoard lessonexamine how SpringBoard Digital functionality is a vehicle for content and engagement	In class two, participants: <ul style="list-style-type: none">practice with features of SpringBoard Digital eBook, assessments, and partner resources (Desmos/Zinc)plan student-centered lessons that support your ability to pivot for various instructional settings

Registration Instructions

1. Use your district specific registration link provided by your district SpringBoard Coordinator to access the event website and select your workshop.
2. Once you've selected a workshop, follow the "Register" button to start the registration process*.
3. Login using a College Board Account. All participants must register themselves individually using a valid College Board Account.
 - a. If you do not have a College Board Account, there is an option to create a new account. Once the account is set up, the system should redirect back to the event registration page. If the page does not redirect automatically, return to the event website and click on the "Register" button again.
4. The system will guide you through the registration process. Once successfully registered, you will receive a confirmation email. To modify or cancel the registration, you can log back into the registration site using the confirmation number and email address listed in the email.

*The registration system works best in Google Chrome, Firefox, and Safari and is not supported by Internet Explorer.

Technical Requirements

- Active SpringBoard Digital account within Chrome or Firefox
- Zoom will be used as the meeting platform
- Device that supports a headset and microphone, or earbuds with a microphone, and a webcam
